

Best Practices 1 :

Title of the Practice : Free health camp for Cardiovascular Diseases

Objectives of the Practice Process: To improve cardiovascular health and quality of life through prevention, detection, and treatment of risk factor of heart attack and stroke; early identification and treatment of heart attacks and strokes; prevention of repeat cardiovascular events and reduction in death from cardiovascular disease

The Context: cardiovascular disease is the number one cause of death worldwide. CVD covers a wide array of disorders, including diseases of the cardiac muscle and the vascular system supplying the heart, brain and the other vital organs. This practice reviews the epidemiological transition that has made CVD the world's leading cause of death, assess the status of the transition by region and indicates regional differences in the burden of CVD. It also reviews the cost effectiveness of various interventions directed at the most relevant cause of CVD morbidity and mortality. The D.N. Patel COE is one of the few institutes to have such a novel practice of saving young generation life for National causes.

The Practice:

The activities were started in the year 2017 and still continue . Under the Aegis of Shri P.K.Patil foundation Shahada and in the memory of Sahkar Maharshi Anna Saheb P.K. Patil

The formal resolution passed by management council of the institute to organise their noble event in a big way and that was successfully conducted jointly with VSGGM and D.N. Patel College of Engineering Shahada.

Organizations involved-

- 1) Shree.P.K.Anna Patil foundation Shahada
- 2) VSGGM

Experts Team of Doctors:-

- 1) Dr.Manoj Patel (Heart Disease Expert)
- 2) Dr. Yatin wagh (Heart Disease Expert)

Place and Date and Time of Health Camp:- College of Engineering, Shahada On 8th October 2022 at 9.00 AM to 4.00 PM

Total Number of Patients Checked: - 180

Evidence of Success: In this free health camp as many as 180 participants took part and those who just got cardiac disease have advice for further important tests. They are satisfied that they have to know about their cardiac stage.

Problems Encountered :-

While addressing the camp people were afraid to visit .Some of them are not even interested about knowing their health .Few of them having a fear of machineries

Best Practices 2 :

Title of the Practice: _Start up India

Objectives of the Practice Process: 1) Skilling and training of students, faculty, innovators and entrepreneurs to take up start-up entrepreneurship which will be achieved by entrepreneurship and start up development program. 2) Empowering start-up for business technology and marketing support.

The Context: Startup India is flagship Initiative of the government of India, intended to catalyse startup culture and build a strong and inclusive ecosystem for innovation and entrepreneurship in India, since the launch of the initiative on 16th January 2016 startup India has rolled out several programs with the objective of supporting entrepreneurs and transforming India a country of job creators instead of job seekers. The D.N.Patel COE is one of the few institutes who have organized start-up India Programme Successfully.

The Practice: The activities were started in the year 2022.

The Practice is unique and at the same time very essential. Where we all are facing the recession period. The students are getting a real time chance of learning various training and mentoring programs such as the Atal Innovation Mission (AIM) which aims to promote students innovation and entrepreneurship

Resource Person- Dr. Pulkit Singh (Assistant Collector Nandurbar District)

Evidence of Success:

The aim of the practice is to enhance the graduate entrepreneurship vision, social interaction, leadership, self-discipline and self-confidence while stimulating the thinking process but providing guidance and support. The teaching-learning-practice as well as enrichment through value added processes further repair graduating leader to become integrative and progress as job creators.

Problems Encountered and Resources Required:

Many students lack the motivation to be an entrepreneur with the fear of failures in business reluctance to deal with stress and self- doubt and dealing with the unknowns.

Creation of awareness in the early life cycle of the student at the institution and seeking the ideas on the possibility of job creator roles will be beneficial for providing the students to explore tangible ideas and translating them to give practical shape and to prepare themselves.

Place , Date and Time of the Event: College of Engineering, Shahada 12th Oct 2022, 11 AM to 3 PM

Number of students participated-18
